1. **GOAL**: Minnesota West Community and Technical College’s overall AA goal is to improve its representation of underutilized groups. In order to accomplish this goal, each new hiring opportunity is viewed as an AA opportunity, and each hiring unit is expected to make a special effort to recruit applicants in areas where underutilization has been identified. Minnesota West is committed to hiring individuals with disabilities who can perform the essential functions of the job with or without reasonable accommodation and will strive to achieve this as opportunities occur. Goal is ongoing.

   **Specific Action Step:**
   We will actively work to recruit and hire qualified candidates in the disparate areas of female, minority and disabled in all groups that are identified as disparate.

   **Assignment of Responsibility:**
   Affirmative Action Officer, appropriate Administrators and search teams.

   **Evaluation Procedure:**
   Statistics will reflect increased hiring in areas of disparity.

2. **GOAL**: Evaluate the process in which data is collected for the workforce analysis information to determine if specific populations have not been included.

   **Specific Action Step:**
   Conduct a confidential survey of current employees obtaining additional protected group information. Complete by Fall 2008.

   **Assignment of Responsibility:**
   Affirmative Action Officer, HR Staff.

3. **GOAL**: Provide affirmative action training for employees. Goal is ongoing.

   **Specific Action Step:**
   Affirmative action training for employees will be available online.
Assignment of Responsibility:

Target Completion Date:
Ongoing

IV. GOAL: Follow a standard discrimination/harassment complaint procedure set up by MnSCU. Goal is ongoing.

Specific Action Step:
As complaints are made the procedure set by MnSCU will be followed. Training will be given to the Title IX Officers and procedures will be clearly defined.

Assignment of Responsibility:
MnSCU Affirmative Action Officer and Title IX Officers.

Evaluation Procedure:
Resolution of issues and complaints will be in compliance with MnSCU policy.

Separation Analysis:

Minnesota West does not currently employ a great number of minorities although the number of disabled has increased in the last two years. In FY’s 2007 and 2008 we did successfully fill three positions with persons identifying themselves as disabled. Additionally we did hire one person identified as a minority applicant. An analysis of separations from this last biennium indicates that no minority males or females separated for any reason for fiscal year 2007 or 2008 nor did any employees identified as disabled. This shows that when recruitment of minorities and disabled is successful, so is the retention.

During the fiscal years 2007 and 2008, 22 employees separated from Minnesota West Community and Technical College. This group included 14 females and 8 males. Further analysis indicates that no disabled and no minority employees terminated employment. Upon review of exit interviews completed by employees who left employment no claims of discrimination were identified. Of the 22 separations, eight were for retirement, two involved employees choosing different career paths and six involved layoffs. The separations due to layoff typically involved program closure due to low enrollment and in two cases was the elimination of positions in Perkins funded areas. The other six separations were due to employee resignations for relocation or other employment including job advancement.
VIII. PROGRAM OBJECTIVES

General Objectives
Minnesota West Community and Technical College recognizes that there are various groups which are underutilized in educational programs and employment within the college. The college also recognizes that the value of the diversity of cultural experiences for all students and employees will be achieved through full participation of underutilized groups in the educational process and in employment. Therefore, the college commits to programs of affirmative action intended to remedy this underutilization and to encourage cultural diversity and participation by members of these groups in all facets of college life. In pursuit of its commitment to affirmative action, the college shall take action as follows:

IX. METHODS OF AUDITING, EVALUATION AND REPORTING PROGRAM SUCCESSES

Pre-employment Review
State law governing affirmative action programs requires Minnesota West Community and Technical College to establish methods of auditing, evaluating and reporting program success. This includes a procedure for pre-employment review of all hiring decisions for units were underutilization currently exists.

Procedure for Reviewing Layoffs
Minnesota West Community and Technical College will make lay-off determinations consistent with applicable collective bargaining agreements and personnel plans. Proposed layoff decisions are reviewed by the Human Resource Director/Affirmative Action Office to evaluate their effect on Minnesota West’s affirmative action program.

Recordkeeping and Evaluation
The Office of Human Resources staff records data regarding all hires on the Protected Group forms.

The Office of Human Resources staff maintains all search materials in the central files of the Human Resource office.

The Affirmative Action Officer maintains documentation relating to all Affirmative Action complaints.

Annual review of hires will determine the success and/or additional requirements of the Affirmative Action Program.

PRE-HIRE REVIEW:
1. The Human Resource Director, the College Provost, or a program area or department determines that a vacancy exists and administrative approval is obtained to conduct a search.

2. A search committee will be formed that meets the criteria identified in the appropriate hiring policy. A minimum of four members are recommended for faculty searches, and seven to nine members for administrative searches of dean and above. The list of members shall be submitted to the Human Resource Director/Affirmative Action Officer for approval.

3. The role of the search committee is to be a partner with the administration in filling the vacancy. Tasks will include a review of the position description, creation of the interview questions, the solicitation of candidates, and the evaluation of candidates. The committee must determine the distribution of tasks to be performed so the entire process becomes a shared responsibility.

4. For full-time vacancies, the Human Resources Director reviews the position description and availability data, and notes whether or not underutilization
exists. Equal opportunity and affirmative action goals will be considered for all hiring procedures.

5. The search committee chair, in cooperation with the appropriate supervisor and the Human Resource Office, develops a plan of recruitment sources and activities, drafts advertisements, a vacancy notice, interview questions, evaluation forms. At this time, all parties must agree on specific tasks that must be completed, and which person has responsibility for each task with a timeline for completion.

6. When applications are received, each applicant is sent a Supplemental Personnel Data Form and a stamped, self-addressed envelope for its return to the Affirmative Action Officer to monitor the equal opportunity progress.

7. After the initial screening, the list of semifinalists is submitted to the Human Resources Director. When the interviews have been completed, the search committee submits a final list of two names to the appropriate Vice President. Final candidates must be submitted in unranked order. The list is then sent to the President for final selection of all full-time positions.

8. When underutilization exists, it is important that available protected group candidates are included at every stage of the application process when possible. The search committee chairperson has the responsibility for writing the rationale for the selected candidate and/or rationale for why all the other candidates were not selected.

9. At any stage of the process, the Human Resources Director/Affirmative Action Officer may request that the president extend and/or close the search if the pool of under-represented candidates is not satisfactory.
IX. WEATHER EMERGENCIES/BUILDING EVACUATION

In accordance with MnSCU Policy 4.4, the following procedure is in effect when it becomes necessary to close the college or cancel academic or non-academic activities or delay the opening of the college due to inclement weather or other emergency conditions.

**Definitions:**

a. **Closing the Campus:** Closing a campus of the college means to close all operations other than those operations deemed essential to the protection of life and property. All general offices are closed.

b. **Delayed Opening:** Delayed opening refers to closing of all operations other than those operations deemed essential to the protection of life and property for a designated period of time.

c. **Cancellation of Classes and/or Activities:** Cancellation of classes (off-campus or on-campus) means to cancel one, several or all classes, in the absence of officially closing the entire campus.

In the event of the closing of the college because of a weather emergency or any other condition, it will be the responsibility of the college President to close the five campuses.

Notification of employees not on duty or students not on campus will be accomplished through announcements on designated radio stations according to each campus community and region. Specific radio stations have been identified to cover the region. Campus designees will have the responsibility to cancel classes and to notify students and employees with disabilities of the college’s closing. Special considerations will be given to night classes and weather conditions within the region. Whenever possible, decisions to cancel day classes will be made by 5:30 a.m. and decisions to cancel night classes will be made no later than 4:00 p.m. Due to the large geographical area covered by Minnesota West, campuses participating in distance learning classes using Interactive Television may not be experiencing inclement weather at the same time. The host site, the site where the instructor teaches, will determine the status of the class by keeping in touch with the other campuses receiving the transmission, consulting with the other campuses designees on a case by case basis, and taking the appropriate measures to inform all persons according to procedure.

The decision to cancel non-academic events, in the absence of closing the college, will be made by the director of the activity in consultation with the campus designee.

For persons who are hard of hearing or deaf, the college will attempt to notify them of cancellations by using the Minnesota Relay Service TTY(1-800-627-3529) to contact the person.

In the case of a fire or building evacuation, the local fire department will be responsible for evacuating people within the buildings. Each campus has an evacuation plan. Each campus has posted the evacuation routes in all rooms and areas of the buildings.

At the beginning of each semester, faculty are asked to remind students and other college personnel that in the event of an emergency building evacuation, anyone having a disability that prohibits them from moving down stairwells should move to the nearest
stairwell landing and the fire department can provide for their evacuation. In addition, all disabled students, faculty and college personnel/staff will have a non-disabled person assigned to them at the beginning of each semester to inform them of threatening situations and oversee their evacuation. Each Campus Dean will be responsible for the dissemination of the policy and to assure that a non-disabled person has been assigned to each person with a disability.

In situations where faculty, staff and students with disabilities need to be contacted at home, arrangements will be made with the individuals by the campus designee to identify the most appropriate manner to inform them of the situation and to use the Minnesota Relay Service TTY (1-800-627-3529). This is also the responsibility of each Campus CEO.
IX. REASONABLE ACCOMMODATIONS

Minnesota West is committed to providing equal opportunities for qualified individuals with disabilities to participate in College services, programs, activities and employment. It is the policy of the College to provide reasonable accommodations in the employment of qualified individuals with disabilities as defined under the Americans with Disabilities Act of 1990 and the Minnesota Human Rights Act.

The ADA requires that employers provide reasonable accommodations to those individuals who are qualified for the position. The law defines a "qualified individual with a disability" as:

“Any person who has a physical or mental impairment which substantially or materially limits one or more of such person's major life activities.”

Reasonable accommodations may include modifications to rules, policies or practices, the removal of architectural, communication, or transportation barriers, provision of auxiliary aids or the provision of equally effective programs, services, or activities. In accordance with the Americans with Disabilities Act, accommodations will not be provided 1) for personal devices or services even though the individual may be a qualified individual with a disability, or 2) that result in a fundamental alteration in the nature of a service, program, or activity or in undue financial or administrative burdens. Reasonable accommodations do not include elimination of an essential function of a job. Examples of personal devices and services include wheelchairs, individual prescribed devices such as prescription eyeglasses or hearing aids; readers for personal use of study; or services of a personal nature including assistance in eating, toileting or dressing.

Minnesota West may require an individual who requests an accommodation to provide medical documentation indicating the limitations of the individual and the need for an accommodation.

Funding: Accommodations which do not cause an undue hardship and comply with this policy will be funded by the college. An undue hardship is defined as action that is unduly costly, extensive, substantial or disruptive, or that would fundamentally alter the nature or the operation of the College.

The procedure for determining undue hardship is as follows:
1. The employee will meet with the ADA Coordinator to discuss the requested accommodation.
2. The ADA Coordinator will review undue hardships by considering:
   a. The nature and cost of the accommodation in relation to the size, the financial resources and the nature and structure of the College; and
   b. The impact of the accommodation on the nature or operation of the College.
3. The ADA Coordinator will provide a decision to the employee.

This policy ensures that the College complies with the State of Minnesota's Reasonable Accommodation policy.
The President has designated Karen Miller, Human Resource Director as the person responsible for administering requests for reasonable accommodations for employees.
Minnesota West's procedure for providing reasonable accommodations in the workplace are as follows:

Request for Accommodations: Applicants, Employees & Employees Seeking Promotion

An employee requesting a job accommodation due to a disability should complete a form available in the Human Resource office. The Human Resource office will inform all applicants of their right to reasonable accommodations for disabilities.

1. The Human Resource coordinator may request appropriate medical documentation supporting the existence of a disability and detailing physical or mental limitations.
2. The ADA Coordinator will then determine whether the employee meets the definition of a qualified individual with a disability under the ADA and determine the precise limitations.
3. The ADA Coordinator will then identify potential accommodations and assess the effectiveness each would have in allowing the individual to perform the essential job functions.
4. The ADA Coordinator will select and implement the accommodation that is the most appropriate for both the individual and the College. The individuals preference will be considered but the College is free to choose among equally effective accommodations.
6. If a request for accommodations is not approved, the Coordinator shall inform the employee/applicant of the reasons for not approving in writing within 3 working days of the decision.

Rights and Responsibilities:
An employee with a disability has the right to a reasonable accommodation which allows them to carry out the essential functions of the job. An employee has the right to the elimination or reassignment of marginal function of the job as a reasonable accommodation. An employee has the responsibility to carry out essential job functions and to provide specific, relevant medical documentation of the need for accommodation. As an employer, the College has the right to determine essential and marginal job duties. The College further has the right to establish job qualifications, can request medical documentation, can establish standards of performance for a job, can choose the accommodation as long as it is effective. The College has the right to deny a request for accommodation to an individual who is not otherwise qualifies to perform the essential job functions. The College also has the responsibility to treat each employee with a disability on an individual basis when determining reasonable accommodation. The College has a responsibility to document the request for and approve or deny an accommodation. All medical documentation must be maintained by the College in a confidential file separate from the employee's personnel file.

Appeals:
Employees or applicants who are dissatisfied with the decision(s) pertaining to his/her accommodation request may file an appeal with the President, within a reasonable period of time, for a final decision. If the individual believes the decision is based on discriminatory reasons, then they may file a compliant internally through the College’s compliant procedure as outlined in this plan.
Minnesota West complies with the MnSCU policy on reasonable accommodations for qualified applicants and employees with disabilities and employees seeking promotion.
Minnesota West is committed to increasing recruitment efforts aimed at protected group members. Minnesota West will actively recruit talent from diverse backgrounds for all positions. Recruitment is the responsibility of every supervisor and administrator who has the authority to make a hiring decision. The Affirmative Action Officer along with Administrators/Managers will lead the college’s recruitment efforts by establishing meaningful relationships with diverse communities whenever possible.

The approximate total expenses incurred for FY2007 were $38,131 and for FY2008 $12,595.09. There was a decreased level of spending in FY 2008 because of a decrease in the number of vacancies.

Positions in the College are quite stable since all campuses are located in communities with relatively small populations. The largest community is Worthington with an approximate population of 12,000 and the smallest community is Canby with an approximate population of 1,800. The other three campuses are in communities with an average population of 3,500. Therefore, positions at the college campuses are probably some of the best paying jobs in each of these communities and turnover is very negligible. A majority of the turnover is due to retirements or the creation of new educational programs. Retirements for this reporting period have also been minimal as has turnover in general. For this biennium as compared to last the college had 29 less separations. Adjunct teaching positions are the most common openings available and these are usually very part-time positions on a limited basis with no contract opportunities.

2. Job Fairs:
The College does not recruit candidates through job fairs and does not anticipate using job fairs as a recruitment method in the future.

3. Internships:
Internship opportunities are directly related to a specific academic program of the educational institution. When possible, student interns will be provided an opportunity to earn academic credit and/or work experience while performing a valuable service to the department and college. The supervisor seeking a student intern will establish a mentoring relationship with the student and will work with the Human Resources Office to formalize and implement specific internship arrangements.

4. Other methods implemented.
The College has used the following methods of recruiting and will continue these efforts at recruiting protected group members:
   1. Mailings to Minnesota agencies and organizations.
   2. Online advertising.
   3. Direct recruiting to targeted business, industry associations and individuals.
   4. Mailings to other Universities and College Placement Offices.
   5. Minnesota West Community and Technical College Website.

5. Projected Hiring Opportunities and Strategies
It is difficult for the college to project vacancies in the 2008-2010 reporting period. With the current state of the economy it appears that faculty and staff who were once making plans to retire are now either reconsidering those plans or delaying them. In FY 2008 we had no faculty retirements from unlimited faculty which has not happened in recent years. Additionally as noted above, our separations were less than 50% for period 2006-2008 as compared to 2004-2006. If that trend were to remain stable or again decrease the college would have limited positions and opportunities to recruit other than new program areas.
XIII. RETENTION PLAN

Minnesota West views retention as an essential component in retaining employees and evaluating programs. The responsibility for retention efforts lies with all Administrators, Supervisors and key staff at Minnesota West Community and Technical College.

As part of retention efforts, the College will follow these procedures:

- The Human Resources Office shall collect and report information on employee turnover.
- The Human Resources Office will develop an employee orientation program in which new employees are informed about the college's mission, programs, and appropriate College process.
- The College will provide on-going training and development for all new employees to ensure success and promotional opportunities. Each bargaining unit has funds available for staff development activities.
- The College will provide ongoing training for existing employees and supervisors to raise awareness and respect for cultural differences.
- The Human Resources Office will conduct exit interviews with employees who have resigned to gain information as to the cause of separation.
- Continue to promote EAP and other mediation services to resolve internal and external conflicts.

Part 1. Policy Statement. Minnesota State Colleges and Universities is committed to a policy of
nondiscrimination in employment and education opportunity. No person shall be discriminated
against in the terms and conditions of employment, personnel practices, or access to and
participation in, programs, services, and activities with regard to race, sex, color, creed, religion,
age, national origin, disability, marital status, status with regard to public assistance, or sexual
orientation. In addition, discrimination in employment based on membership or activity in a local
commission as defined by law is prohibited.

Harassment on the basis of race, sex, color, creed, religion, age, national origin, disability, marital
status, status with regard to public assistance, or sexual orientation is prohibited. Harassment may
occur in a variety of relationships, including faculty and student, supervisor and employee, student
and student, staff and student, employee and employee, and other relationships with persons
having business at, or visiting the educational or working environment.

This policy is directed at verbal or physical conduct that constitutes discrimination /harassment
under state and federal law and is not directed at the content of speech. In cases in which verbal
statements and other forms of expression are involved, Minnesota State Colleges and Universities
will give due consideration to an individual's constitutionally protected right to free speech and
academic freedom. However, discrimination and harassment are not within the protections of
academic freedom or free speech.

The system office, colleges, and universities shall maintain and encourage full freedom, within the
law, of expression, inquiry, teaching and research. Academic freedom comes with a responsibility
that all members of our education community benefit from it without intimidation, exploitation or
coercion.

This policy shall apply to all individuals affiliated with Minnesota State Colleges and Universities,
including but not limited to its students, employees, applicants, volunteers, agents, and Board of
Trustees, and is intended to protect the rights and privacy of both the complainant and respondent
and other involved individuals, as well as to prevent retaliation or reprisal. Individuals who violate
this policy shall be subject to disciplinary or other corrective action.

This policy supersedes all existing system, college, and university non-discrimination policies.

Part 2. Definitions.

Subpart A. Consensual Relationship. A sexual or romantic relationship between two persons who
voluntarily enter into such a relationship. Employees who are members of the same household
should also refer to the Board of Trustees Nepotism policy 4.10.

Subpart B. Discrimination. Discrimination is defined as conduct that is directed at an individual
because of his or her protected class and thatsubjects the individual to different treatment by
agents or employees so as to interfere with or limit the ability of the individual to participate in, or
benefit from, the services, activities, or privileges provided by the system or colleges and
universities or otherwise adversely affects the individual’s employment or education.

Subpart C. Discriminatory harassment. Discriminatory harassment is defined as verbal or
physical conduct that is directed at an individual because of his or her protected class, and that is
sufficiently severe, pervasive, or persistent so as to have the purpose or effect of creating a hostile
work or educational environment.

As required by law, Minnesota State Colleges and Universities has further defined sexual
harassment as a form of sexual discrimination which is prohibited by state and federal law. Sexual
harassment is defined as unwelcome sexual advances, requests for sexual favors, sexually
motivated physical conduct, and other verbal or physical conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or
condition of an individual's employment or education, evaluation of a student's academic performance, or term or condition of participation in student activities or in other events or activities sanctioned by the college or university; or

2. Submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions or other decisions about participation in student activities or other events or activities sanctioned by the college or university; or

3. Such conduct has the purpose and effect of threatening an individual's employment; interfering with an individual's work or academic performance; or creating an intimidating, hostile, or offensive work or educational environment.

Subpart D. Employee. Minnesota State Colleges and Universities personnel include all faculty, staff, administrators, teaching assistants, graduate assistants, residence directors and student employees.

Subpart E. Protected Class. Protected class for the purpose of this policy means that discrimination and harassment in employment and education are prohibited on the basis of: race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance or sexual orientation. In addition, membership or activity in a local human rights commission is a protected class in employment.

Subpart F. Retaliation. Retaliation includes, but is not limited to, intentionally engaging in any form of intimidation, reprisal or harassment against an individual because he or she made a complaint under this policy or assisted or participated in any manner in an investigation, or process under this policy, regardless of whether a claim of discrimination or harassment is substantiated; or associated with a person or group of persons who are disabled or are of a different race, color, creed, religion, sexual orientation or national origin. Retaliation may occur whether or not there is a power or authority differential between the individuals involved.

Subpart G. Sexual harassment and violence as sexual abuse. Under certain circumstances, sexual harassment or violence may constitute sexual abuse according to Minnesota law. In such situations, the system office and colleges and universities shall comply with the reporting requirements in Minnesota Statutes Section 626.556 (reporting of maltreatment of minors) and Minnesota Statutes Section 626.557 (Vulnerable Adult Protection Act). Nothing in this policy will prohibit the system office or any college or university from taking immediate action to protect victims of alleged sexual abuse. Minnesota State Colleges and Universities 1B.3 Sexual Violence Policy addresses sexual violence.

Subpart H. Student. "Student" means an individual who is:

1. admitted, enrolled, registered to take or is taking one or more courses, classes, or seminars, credit or noncredit, at any System college or university; or

2. between terms of a continuing course of study at the college or university, such as summer break between spring and fall academic terms; or

3. expelled or suspended from enrollment as a student at the college or university, during the pendency of any adjudication of the student disciplinary action.

Part 3. Consensual Relationships. An employee of Minnesota State Colleges and Universities shall not enter into a consensual relationship with a student or an employee over whom he or she exercises direct or otherwise significant academic, administrative, supervisory, evaluative, counseling, or extracurricular authority or influence. In the event a relationship already exists, each college and university and system office shall develop a procedure to reassign evaluative authority as may be possible to avoid violations of this policy. This prohibition does not limit the right of an employee to make a recommendation on personnel matters concerning a family or household member where the right to make recommendations on such personnel matters is explicitly provided for in the applicable collective bargaining agreement or compensation plan.

Part 4. Retaliation. Retaliation as defined in this policy is prohibited in the system office, colleges and universities. Any individual subject to this policy who intentionally engages in retaliation shall be subject to disciplinary or other corrective action as appropriate.
The chancellor shall establish procedures to implement this policy. The nondiscrimination in employment and education opportunity policy and procedures of colleges and universities shall comply with Policy 1B.1 and Procedure 1B.1.1.

APPENDIX C
Minnesota State Colleges and Universities
Board Policy 1.B.1.1
Report/Complaint of Discrimination/Harassment Investigation and Resolution

Part 1. Purpose and applicability.

Subpart A. Purpose. This procedure is designed to further implement Minnesota State Colleges and Universities policies relating to nondiscrimination by providing a process through which individuals alleging violation of Board Policy 1B.1 Nondiscrimination in Employment and Education Opportunity may pursue a complaint. This includes allegations of retaliation, or discrimination or harassment based on sex, race, age, disability, color, creed, national origin, religion, sexual orientation, marital status, or status with regard to public assistance. In addition, discrimination in employment based on membership or activity in a local commission as defined by law is prohibited.

Subpart B. Applicability. This procedure shall apply to all individuals affiliated with Minnesota State Colleges and Universities, including its students, employees, and applicants for employment, and is intended to protect the rights and privacy of both the complainant and respondent and other involved individuals, as well as to prevent retaliation/reprisal. Individuals who violate this procedure shall be subject to disciplinary or other corrective action.

A single act of discrimination or harassment may be based on more than one protected class status. For example, discrimination based on anti-Semitism may relate to religion, national origin, or both; discrimination against a pregnant woman might be based on sex, marital status, or both; discrimination against a transgender or transsexual individual might be based on sex or sexual orientation.

Not every act that may be offensive to an individual or group constitutes discrimination or harassment. Harassment includes action beyond the mere expression of views, words, symbols or thoughts that another individual finds offensive. To constitute a violation of Board Policy 1B.1, conduct must be considered sufficiently serious to deny or limit a student’s or employee’s ability to participate in or benefit from the services, activities, or privileges provided by Minnesota State Colleges and Universities.

Subpart C. Scope. This procedure is not applicable to allegations of sexual violence; allegations of sexual violence are handled pursuant to Board Policy 1B.3 Sexual Violence and System Procedure 1B.3.1. In addition, harassment and discrimination complaints not arising from alleged violations of Board Policy 1B.1, are to be addressed under other appropriate policies and established practices.

Part 2. Definitions. The definitions in Board Policy 1B.1 also apply to this procedure.

Subpart A. Designated officer. Designated officer means an individual designated by the president or chancellor to be primarily responsible for conducting an initial inquiry, determining whether to proceed with an investigation under this procedure, and investigating or coordinating the investigation of reports and complaints of discrimination/harassment in accordance with this procedure.

Prior to serving as the designated officer, the individual must complete investigator training provided by the Office of the Chancellor.

Subpart B. Decision maker. Decisionmaker means a high level administrator designated by the president or chancellor to review investigative reports, to make findings whether Board policy 1B.1 has been violated based upon the investigation, and to determine the appropriate action for the institution to take based upon the findings.

Prior to serving as a decisionmaker for complaints under this procedure, administrators must complete decisionmaker training provided by the Office of the Chancellor.
Subpart C. Retaliation. Retaliation means any action against a complainant or other individual because the individual:

1. Participated in the investigation or resolution of a complaint under this procedure;
2. Opposed conduct the individual believes was in violation of Board policy 1B1.; or
3. Associates with another individual who is protected from discrimination under Policy 1B.1.

Part 3. Consensual relationships. Board Policy 1B.1 Nondiscrimination in Employment and Education Opportunity prohibits consensual relationships between an employee and a student or another employee over whom he or she exercises direct or otherwise significant academic, administrative, supervisory, evaluative, counseling, or extracurricular authority or influence, whether or not both parties appear to have consented to the relationship, except as noted.

Examples of prohibited consensual relationships include, but are not limited to:

- An employee and a student if the employee is in a position to evaluate or otherwise significantly influence the student’s education, employment, housing, participation in athletics, or any other college or university activity (employee includes, for example, graduate assistants, administrators, coaches, advisors, program directors, counselors and residence life staff);
- A faculty member and a student who is enrolled in the faculty member’s course, who is an advisee of the faculty member, or whose academic work is supervised or evaluated by the faculty member; and
- A supervisor and an employee under the person’s supervision.

A faculty member or other employee is prohibited from undertaking a romantic or sexual relationship or permitting one to develop with a student or supervisee who is enrolled in the person’s class or is subject to that person’s supervision or evaluation.

If a consensual, romantic or sexual relationship exists between an employee and another individual and subsequent events create a supervisor/supervisee, faculty/student or similar relationship between them, the person with evaluative or supervisory authority is required to report the relationship to his or her supervisor so that evaluative functions can be reassigned if possible.

This procedure does not cover consensual relationships between individuals that do not require one to exercise direct or otherwise significant academic, administrative, supervisory, evaluative, counseling, or extracurricular authority or influence over the other.

This prohibition does not limit the right of an employee to make a recommendation on personnel matters concerning a person with whom they have a consensual relationship where the right to make recommendations on such personnel matters is explicitly provided for in the applicable collective bargaining agreement or compensation plan.

Part 4. Reporting incidents of discrimination/harassment

Subpart A. Reporting an incident. Any individual who believes she or he has been or is being subjected to conduct prohibited by Board Policy 1B.1 is encouraged to report the incident to the designated officer. The report/complaint should be brought as soon as possible after an incident occurs.

Any student, faculty member or employee who knows of, receives information about or receives a complaint of discrimination/harassment is strongly encouraged to report the information or complaint to the designated officer of the Office of the Chancellor, college, or university.

Subpart B. Duty to report. Administrators and supervisors shall refer allegations of conduct that they reasonably believe may constitute discrimination or harassment under Board Policy 1B.1 to the designated officer, or in consultation with the designated officer may inquire into and resolve such matters.

Subpart C. Reports against a president. A report/complaint against a president of a college or university shall be filed with the Office of the Chancellor. However, complaints against a president
shall be processed by the college or university if the president's role in the alleged incident was limited to a decision on a recommendation made by another administrator, such as tenure, promotion or non-renewal, and the president had no other substantial involvement in the matter.

**Subpart D. Reports against Office of the Chancellor employees or Board of Trustees.** For reports/complaints that involve allegations against Office of the Chancellor employees, the responsibilities identified in this procedure as those of the president are the responsibilities of the chancellor. Reports/complaints that involve allegations against the chancellor or a member of the Board of Trustees shall be referred to the chair or vice chair of the Board for processing. Such reports/complaints may be assigned to appropriate system personnel or outside investigatory assistance may be designated.

**Subpart E. False statements prohibited.** Any individual who is determined to have provided false information in filing a discrimination report/complaint or during the investigation of such a report/complaint may be subject to disciplinary or corrective action.

**Subpart F. Withdrawn complaints.** If a complainant no longer desires to pursue a complaint, the Office of the Chancellor, colleges, and universities reserve the right to investigate and take appropriate action.

**Part 5. Right to representation.** In accordance with federal law and applicable collective bargaining agreement and personnel plan language, represented employees may have the right to request and receive union representation during an investigatory meeting.

Nothing in this procedure is intended to expand, diminish or alter in any manner whatsoever any right or remedy available under a collective bargaining agreement, personnel plan or law. Any disciplinary action imposed as a result of an investigation conducted under this procedure will be processed in accordance with the applicable collective bargaining agreement or personnel plan.

**Part 6. Investigation and Resolution.** The Office of the Chancellor, college or university has an affirmative duty to take timely and appropriate action to stop behavior prohibited by Board Policy 1B.1, conduct investigations and take appropriate action to prevent recurring misconduct.

**Subpart A. Personal resolution.** This procedure neither prevents nor requires the use of informal resolution by an individual who believes he or she has been subject to conduct in violation of Board Policy 1B.1. In such a situation, the individual should clearly explain to the alleged offender as soon as possible after the incident that the behavior is objectionable and must stop. If the behavior does not stop or if the individual believes retaliation may result from the discussion, the individual should report to the designated officer. Under no circumstance shall an individual be required to use personal resolution to address prohibited behaviors.

**Subpart B. Information privacy.** Confidentiality of information obtained during an investigation cannot be guaranteed; such information, however, will be handled in accordance with applicable federal and state data privacy laws.

**Subpart C. Processing the complaint.** The designated officer must be contacted in order to initiate a report/complaint under this procedure. The scope of the process used in each complaint/report shall be determined by the designated officer based on the complexity of the allegations, the number and relationship of individuals involved, and other pertinent factors.

1. **Jurisdiction.** The designated officer shall determine whether the report/complaint is one which should be processed through another Office of the Chancellor, college or university procedure available to the complainant; if appropriate, the designated officer shall direct the complainant to that procedure as soon as possible.

2. **Conflicts.** The designated officer should identify to the president or chancellor/designee any real or perceived conflict of interest in proceeding as the designated officer for a specific complaint. If the president or chancellor/designee determines that a conflict exists, another designated officer shall be assigned.

3. **Information provided to complainant.** At the time the report/complaint is made, the designated officer shall:
   a.) inform the complainant of the provisions of the Board Policy 1B.1 and this procedure;
   b.) provide a copy of or Web address for Board Policy 1B.1 and this procedure to the complainant;
   c.) determine whether other individuals are permitted to accompany the complainant.
during investigatory interviews and the extent of their involvement; and

d.) inform the complainant of the provisions of Board policy 1B.1 prohibiting retaliation.

4. **Complaint documentation.** The designated officer shall insure that the complaint is documented in writing. The designated officer may request, but not require the complainant to document the complaint in writing using the complaint form of the Office of the Chancellor, college or university.

5. **Information provided to the respondent.** At the time initial contact is made with the respondent, the designated officer shall inform the respondent in writing of the existence and general nature of the complaint and the provisions of the nondiscrimination policy. At the initial meeting with the respondent, the designated officer shall:
   a) provide a copy of or Web address for Board Policy 1B.1 and this procedure to the respondent;
   b.) provide sufficient information to the respondent consistent with federal and state data privacy laws to allow the respondent to respond to the substance of the complaint;
   c.) explain to the respondent that in addition to being interviewed by the designated officer, the respondent may provide a written response to the allegations;
   d.) determine whether other individuals are permitted to accompany the respondent during investigative interviews and the extent of their involvement; and
   e.) inform the respondent of the provisions of Board policy 1B.1 prohibiting retaliation.

6. **Investigatory process.** The designated officer shall:
   a.) conduct a fact-finding inquiry or investigation into the complaint, including appropriate interviews and meetings;
   b.) inform the witnesses and other involved individuals of the prohibition against retaliation;
   c.) create, gather and maintain investigative documentation as appropriate;
   d.) disclose appropriate information to others only on a need to know basis consistent with state and federal law, and provide a data privacy notice in accordance with state law; and
   e.) handle all data in accordance with applicable federal and state privacy laws.

7. **Interim Actions.**
   a.) **Employee reassignment or administrative leave.** Under appropriate circumstances, the president or chancellor may, in consultation with system legal counsel and labor relations, reassign or place an employee on administrative leave at any point in time during the report/complaint process. In determining whether to place an employee on administrative leave or reassignment, consideration shall be given to the nature of the alleged behavior, the relationships between the parties, the context in which the alleged incidents occurred and other relevant factors. Any action taken must be consistent with the applicable collective bargaining agreement or personnel plan.
   b.) **Student summary suspension or other action.** Under appropriate circumstances, the president or designee may, in consultation with system legal counsel, summarily suspend a student at any point in time during the report/complaint process. A summary suspension may be imposed only in accordance with Board Policy 3.6 and associated system procedures. After the student has been summarily suspended, the report/complaint process should be completed within the shortest reasonable time period, not to exceed nine (9) class days. During the summary suspension, the student may not enter the campus or participate in any college or university activities without obtaining prior permission from the president or designee. Other temporary measures may be taken in lieu of summary suspension where the president or designee determines such measures are appropriate.

8. **No basis to proceed.** At any point during the processing of the complaint, the designated officer may determine that there is no basis to proceed under Board Policy 1B.1. The designated officer shall refer the complaint as appropriate. The designated officer shall notify the complainant and respondent of the outcome as appropriate, in accordance with applicable data privacy laws.

**Subpart D. Resolution.** After processing the complaint the designated officer may consider one or more of the following methods to resolve the complaint as appropriate:

1. conduct or coordinate education/training;

2. facilitate voluntary meetings between the parties;
3. recommend separation of the parties, after consultation with appropriate Office of the Chancellor, college or university personnel;

4. other possible outcomes may include recommending changes in workplace assignments, enrollment in a different course or program, or other appropriate action;

5. the Office of the Chancellor, college or university may use alternative dispute resolution or mediation services as a method of resolving discrimination or harassment complaints. Alternative dispute resolution and mediation options require the voluntary participation of all parties to the complaint;

6. upon completion of the inquiry, the designated officer may dismiss or refer the complaint to others as appropriate.

Subpart E. Decision process. If the above methods have not resolved the complaint within a reasonable period of time to the satisfaction of the designated officer, or the designated officer feels additional steps should be taken, the procedures in this subpart shall be followed.

1. Designated officer. The designated officer shall:
   a.) prepare an investigation report and forward it to the decisionmaker for review and decision;
   b.) take additional investigative measures as requested by the decisionmaker; and
   c) be responsible for coordinating responses to requests for information contained in an investigation report in accordance with the Minnesota Government Data Practices Act and other applicable law including, but not limited to, the Family Educational Rights and Privacy Act (FERPA). In determining the appropriate response, the designated officer shall consult with the campus data practice compliance official and/or the Office of General Counsel.

2. Decision maker. After receiving the investigation report prepared by the designated officer, the decisionmaker shall:
   a.) determine whether additional steps should be taken prior to making the decision. Additional steps may include:
      1. a request that the designated officer conduct further investigative measures;
      2. a meeting with the complainant, respondent or other involved individuals. If a meeting involving a represented employee is convened, the complainant or respondent may choose to be accompanied by the bargaining unit representative, in accordance with the applicable collective bargaining agreement and federal and state law; and
      3. a request for additional information which may include a written response from the complainant or respondent relating to the allegations of the complaint.
   b.) take other measures deemed necessary to determine whether a violation of Policy 1B.1 has been established;

Statement of Purpose

A reality that can no longer be denied is that America is changing. Economically, technologically, socially and demographically, America is seeing dramatic increases in its non-white populations. The value of having each person fit into the mainstream American culture is gradually transforming. Minnesota is not exempt from these changes. Racial, ethnic and demographic projections in this state mirror those of a broader society. Enrollment numbers among white students are on the decline.

If Minnesota is to maintain a competitive edge in our economy and society, we must realize these changes and embrace its diversity – both domestic and international. Young people today need to be prepared to live and work in a diverse America that embodies multiple cultures, races, religions, and backgrounds. Institutions of higher education are the stewards of such preparation. Colleges and universities are a unique gather place for a variety of cultural backgrounds. The individuals who represent these diverse backgrounds come together for a common purpose…to become educated to successfully fulfill goals and dreams.

Education within a diverse setting provides individuals with the necessary skills to succeed in and meet the challenges of our changing world. An educational institution has the obligation to provide the opportunity for this training. Educating all of Minnesota’s students is not a choice, but an obligation.

It is the goal of Minnesota West to create a learning community where all of its members regardless of cultural background feel safe and respected, and where opportunities are provided to explore, understand, and appreciate one another’s cultural experiences and heritage. Going beyond this, it is the goal of this institution to develop a learning community where diversity in its broadest teams – including race, ethnicity, national origin, gender, ability/disability, age, religion, economic, language, gender identification, and sexual identity – is valued, affirmed, and celebrated as an important first step toward embracing world differences in order to make the world a better place in which to live and work.

MN West is committed to cultural diversity and supports the following initiatives as part of its mission: To promote understanding of the cultural and ethnic heritages of African Americans, Asian Americans, Latino/Hispanic Americans, as well as other diverse cultures at MN West; To increase enrollment, retention, and success of historically underrepresented and under-served students (i.e., racially-diverse students, first-generation college students, students for whom English is a second language, and low-income students);
To increase recruitment and retention of culturally diverse faculty and staff;
To enhance curriculum development through the inclusion of multicultural perspectives;
To provide resources for multicultural campus and community initiatives;
To promote the understanding and appreciation of issues related to race, ethnicity, national origin, gender, age, beliefs, ability levels, economic status, sexual identity, gender identity, and religion; and To create a safe, welcoming, and nurturing environment that encourages all of its members – student and employee alike – to grow and achieve their goals.

In the spirit of broadening horizons and enabling campus and community members to appreciate different cultures and ethnicities, the ultimate aim of MN West’s commitment to cultural diversity is to empower people of all backgrounds for successful living in a global society.

It is important to note that this plan is a work in progress. As America and our word continue to change, so too will this plan. As our understanding of diversity deepens, thereby causing us to grow and evolve, so too will this plan grow and evolve. Change is a reality that cannot be denied, and this plan represents a necessary step for addressing this change.
Definitions

Definitions: For the purposes of the plan, the words defined in this section have the meanings listed below.

Cultural Diversity:

Cultural Diversity encompasses the varied experiences, traits, norms, and heritage of all individuals outlined in the Minnesota Human Rights Statute 363A.02; in particular, Subdivision 1 that outlines “Freedom from discrimination”:

“It is the public policy of this state to secure for persons in this state, freedom from discrimination...because of race, color, creed, religion, national origin, sex, marital status, disability, status with regard to public assistance, sexual (identity), and age.”

Cultural diversity, for purposes of this plan, also includes those who are economically disadvantaged. This term also includes gender identification, which represents the internalized sense of being male or female, which is not contingent upon the individual’s biological sex.

Underrepresented and Under-Served Populations:

The term Cultural Diversity, for purposes of this plan, also includes those students who the Minnesota State Colleges and Universities identify as being historically underrepresented or under-served in higher education. This includes racially, ethnically diverse students, first-generation college students, students for whom English is a second language, and low-income students.

The term “underrepresented and under-served” is used in the following plan to mean everybody identified in both definitions above (i.e., Cultural Diversity; Underrepresented and Under-Served Populations).

Plan Overview

The work plan that follows outlines the short and long term strategies for creating a culturally responsive learning and work environment at MN West. Included within the document are resources and activities that are currently being utilized to support individuals from diverse backgrounds. The strategies speak to MN West’s vision and plan for the future, and address the following core areas: Student recruitment and retention, Faculty/Staff Recruitment and Retention, Cultural Diversity in the Curriculum, Cultural Diversity in the Campus Environment, and Cultural Diversity in the Community Environment.

Current Recruitment Strategies

Faculty Retention and Hiring of Minorities: It is Minnesota West Community and Technical College’s policy to actively pursue equal employment practices during all phases of the employment process. **GOAL**: Minnesota West Community and Technical College’s overall AA goal is to improve its representation of underutilized groups. In order to accomplish this goal, each new hiring opportunity is viewed as an opportunity, and each hiring unit is expected to make a special effort to recruit applicants in areas where underutilization has been identified.

**Specific Action Step**:

We will actively work to recruit and hire qualified candidates in the disparate areas of female, minority and disabled in all groups that are identified as disparate.

Minnesota West Community and Technical College recognizes that there are various groups which are underutilized in educational programs and employment within the college.
