2050P REGISTRATION

Students must seek assistance from an advisor regarding registration.

Registration Guidelines:

Current Students
1. Consult with an advisor regarding courses appropriate to program, academic progress, and graduation; and obtain access code.
2. Access student account information online to find date and time of open registration window.
3. Access student account information online to determine if any “holds” are indicated on account. Students who have “holds” on their accounts may not register until the necessary documentation is received and the “holds” are cleared.
4. Students who have outstanding financial obligations owed to the College or other system college or university will not be allowed to register for the subsequent semester until balance is paid according to business office policy/procedure.
5. Enter courses through online process when registration opens.

New Students
1. All new students must submit required documents as outlined in the Registration Policy 2050 in order to register for courses.
2. New students will register according to campus procedures.
3. Enter courses through online process when registration opens.
