

NORTHLAND COMMUNITY & TECHNICAL COLLEGE

3150 CREDIT FOR PRIOR LEARNING

Credit for Prior Learning refers to credit granted by the College for previously gained knowledge and skills that are equivalent to coursework at the College. Such credit may be granted through various means: direct transfer of courses of equivalent nature (see Transfer of Credit Policy 3120 and Procedure 3120P); by examination; for a veteran's military training or service; through evaluation of credit for experiential learning (portfolio review and/or competence demonstration); or through formal Tech Prep agreements with high schools. Such credit granted will appear on the transcript and is not considered resident credit. There is no limit on the number of courses of which a student may earn credit for prior learning, except that the student must meet the College residency requirements. Credits earned through credit for prior learning may not transfer to other institutions.

The college's student services and academic personnel will assess applications for credit for prior learning at the student's request. It is the student's responsibility to provide documentation to support his or her request. Students may appeal any decision regarding credits awarded for prior learning through the Transfer of Credit Procedure #3120P – Appeals process.
