## RETENTION / ATTRITION

The Retention threshold set by the COLENSP is 70% and based on the percentage of students who started on the enrollment date (who began Paramedic coursework) who are enrolled and graduated. The success of Retention will be computed using the total number of students that completed in the most recent reporting Year (2017) and is calculated by determining Attrition (the number of students who dropped out divided by the total number of students enrolled). Once the Attrition percentage has been determined, then the Retention percentage is 100% minus the Attrition percentage.

Retention Threshold 70%	Cohort #1:	Current Year Totals
Enrollment Date	1/11/2016	
On-time Graduation Date	5/17/2017	
Total # of Students enrolled in this cohort	13	13

<b>Subtotal # Academic Attrition Reasons</b>	<b>0</b>	<b>0</b>

### Non-academic Reasons for Attrition:

\*(answer required for each non-academic category or results will not calculate.)\*

Manually Calculate Attrition/Retention Results:

$$\text{Attrition} = \frac{\text{Total \# of Academic Reasons} + \text{Non-academic Reasons} + \text{Other/Unknown Reasons}}{\text{Total \# of Students enrolled}}$$

$$\text{Retention} = 100\% - \text{Attrition}$$

The following results are for which written exam?    
 Are students allowed to take both State & Registry?

Only one (1) exam outcome results can be reported. Do not combine Registry and State numbers if students are allowed to take both.

**National Registry Written Examination**

The National Registry (written and/or practical) threshold set by the National Registry or State Exam (written and/or practical) threshold set by the State is 70%. The success of any exam results will be computed over the most recent reporting year (2017) based on the total number of graduates attempting the exam(s) pass (i.e., unduplicated head count of attempters who pass).

National Registry Written Threshold 70%	Cohort #1:										Reporting Year Totals
Enrollment Date	1/11/2016										
On-time Graduation Date	5/17/2017										
<b>Total Graduates in Reporting Year</b> <i>* (answer required for each category below) see definitions by hovering over any of the red comment triangle(s)</i>	7										7
<i>*Number passing - First attempt</i>	3										3
<i>*Number passing - 3rd attempt cumulative pass rate</i>	5										5
Total Passing in 2017	5										8
National Registry Written Pass Rate Success	71.4%										71.4%

**The outcome threshold of 70% has been met. Please complete the next table below.**

(For informational purposes only to check for accuracy)  
 Manually Calculate NREMT/State Written and/or Practical Exam Results:  
 Pass Rate Success =  $\frac{\text{\# of graduates passing first three(3) attempts}}{\text{\# of total graduates}}$

**Positive (Job) Placement**

The Positive (Job) Placement threshold set by the CoAEMSP is 70%. Positive (Job) Placement means that the graduate is employed full or part-time or volunteers in the profession or in a related field; or is continuing his/her education; or is serving in the military. A related field is one in which the individual is using cognitive, psychomotor, and effective competencies acquired in the educational program.

Positive (Job) Placement Threshold 70%	Cohort #1:	Reporting Year Totals
Enrollment Date	1/11/2016	
On-time Graduation Date	5/17/2017	
<b>Total Graduates in Reporting Year</b>	<b>7</b>	<b>7</b>
<b>* (answer required for each placement category)</b>		
<b>*Number of Graduates employed</b>	5	5
<b>*Number of Graduates continuing education or serving in the military, but NOT employed</b>	0	0
<b>Total Positive Placement in 2017</b>	5	5
<b>Positive (Job) Placement</b>	71.4%	71.4%

**The outcome threshold of 70% has been met. Please complete the next table below.**

(For informational purposes only to check for accuracy) Manually Calculate Positive (Job) Placement Results:

$$\text{Positive (Job) Placement} = \frac{\text{\# of Graduates employed} + \text{\# of graduates continuing ed/serving in the military but NOT employed}}{\text{Total positive placement to date}}$$
