<b>Call</b>	<b>Author</b>	<b>Title</b>
<b>610.73 Al</b>	Swearingen, Wright, eds	<b>All-in-one nursing care planning resource (5e)</b> Features nursing plans for all four clinical areas.
<b>610.73 Pr</b>	Price, Bob	<b>Critical thinking and writing in nursing</b> Written specifically for nursing students, this book offers practical guidance on what it means to think critically as a nurse and how to apply this to study and practice.
<b>610.73 Fa</b>	Godshall, ed	<b>Fast facts for evidence-based practice in nursing (3<sup>rd</sup> edition)</b> Pocket-sized resource for students and practicing nurses.
<b>614.47 In</b>		<b>Infusion therapy standards of practice</b> A newly revised edition providing the framework that guides clinical practice.
<b>610.73071 In</b>	Bradshaw, Hultquist, Hagler, eds.	<b>Innovative teaching strategies in nursing and related health professions (8<sup>th</sup> edition)</b> The updated edition details the trends in teaching strategies and educational technology that promote effective learning for today's students. Chapters on blended learning and study abroad programs help students gain a more diverse and global perspective. Highlighting innovative teaching techniques and real-world illustrations of the educational strategies, this text goes beyond theory to offer practical application principles that educators can count on
<b>610.73 Li</b>	Nettina, Sandra M., ed.	<b>Lippincott manual of nursing practice (11<sup>th</sup> edition)</b> Offers a comprehensive text guiding you through the nursing concepts and skills particularly vital for medical-surgical assessment, care, and treatment.
<b>615.1 Nu</b>	Hendler, Collette Bishop	<b>Nursing 2023 drug handbook</b>
<b>610.7301 Al</b>	Alligood, Martha Raile	<b>Nursing theorists and their work (10<sup>TH</sup> edition)</b> A clear, in-depth look at nursing theories of historical and international significance. Each chapter presents a key nursing theory or philosophy, showing how systematic theoretical evidence can enhance decision making, professionalism, and quality of care.
<b>615.1 Ph</b>	Rebar, ed.	<b>Pharmacology made incredibly easy (5<sup>th</sup> edition)</b> From initial assessment to safe medication administration and patient care plans, this is the perfect supplement to class materials, offering solid preparation for NCLEX, as well as a handy refresher for experienced nurses.

610.9 Ac	Ackernecht, Erwin H.	<p><b>A short history of medicine (revised and expanded)</b>  This revised and expanded edition includes a new foreword and concluding biographical essay by Charles E. Rosenberg, Ackerknecht's former student and a distinguished historian of medicine. A new bibliographic essay by Lisa Haushofer explores recent scholarship in the history of medicine.</p>
610.7301 O'B	O'Brien, Mary Elizabeth	<p><b>Spirituality in nursing: standing on holy ground (7<sup>th</sup> edition)</b>  Spirituality in Nursing: Standing on Holy Ground addresses the relationship between spirituality and nursing practice across a variety of settings and broad perspectives related to caring for the ill and infirm, from care of special population like children, families, and older adults to spiritual care during disaster situations.</p>
611.73 De	Delavier, Frederic	<p><b>Strength training anatomy (4th edition)</b></p>
610.73 Gi	Giger, Joyce Newman	<p><b>Transcultural nursing: assessment and intervention (8<sup>th</sup> edition)</b>  This text helps you provide culturally sensitive care with the use of six key aspects of cultural assessment: communication, time, space, social organization, environmental control, and biologic variations</p>
610.73 El	Ellis, Peter	<p><b>Understanding research for nursing students (5e)</b>  The purpose of this book is to introduce you, the nursing student, to the key concepts involved in nursing and healthcare research. The aim of introducing research is two-fold: the first is to enable you to better understand the research you read to inform your practice and to make some judgements about its quality. The second is to prepare you to undertake research either as part of your role at work or as part of a course of study.</p>
